

CMSI 4072 Project Status Document  
Spring 2024

---

Name: Jayden Craig

Project: MetroTune

Week: 11

---

Accomplishments:

- Worked on further UI tweaking
- Adjusted overall page layout
- Added accent option on first beat
- Created first few pages for reference tunings
- Began working on ear training stretch goals

Plans:

- Add more alternate tuning options for the reference note pages
- Randomize note selection for training
- Work on note checking to make sure training is correct
- Add tune up or down alert to tuner

Concerns:

- No current concerns
